Collagen Face Cream

Our Collagen cream with added pure Neroli is rich in natural Vitamin C to encourage your skin to produce natural Collagen which aids healthy, vibrant and wrinkle free skin. Collagen is the essential building block of youthful looking skin. Without collagen your skin loses elasticity and the vibrancy we associate with youth and with great looking skin.

The natural collagen peptide is hydrolised, so that your skin is capable of quickly and effectively absorbing it. With daily use you will soon see a visible difference in your skins tone and texture.

Skin Suitability: Suitable for most skin types. We utilise Marine derived collagen. Designed to help aid the skin in its natural repair and defences as it gets older and damaged.

Collagen plays a vital part in the skins natural, healthy appearance. It is an aid to elasticity, it is therefore our loss of collagen as we get older that aids the cause of wrinkles and dull skin. Fight back!
